ORX

Technical Workshop

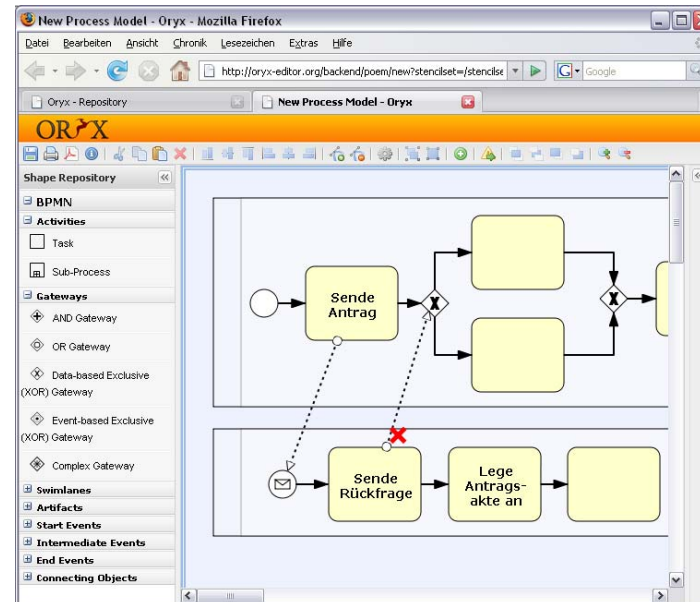

Business Process Technology @ HPI

Introduction

2

Oryx...

- is a graphical modelling tool
- runs in your web browser
- offers model management
- can easily extended via plugins
- is open source

You probably know all that,

*but how can you use Oryx for **your** projects?*

Our workshop provides you with the technical details needed to start your Oryx project.

Agenda

3

Day 1

- | | |
|---------------|---|
| 10:00 | <ul style="list-style-type: none">▪ Welcome & Intro▪ Oryx Essentials
Goals & Motivation
Architecture
Development Guidelines
Development Setup▪ My First Stencil Set
Incl. Practical Work |
| 13:00 | <ul style="list-style-type: none">▪ Lunch |
| 14:00 – 17:00 | <ul style="list-style-type: none">▪ Client Plugin API
Incl. Practical Work▪ Server Plugin API
Incl. Practical Work |
| Evening | <ul style="list-style-type: none">▪ Social Event |

Day 2

- | | |
|-------|---|
| 10:00 | <ul style="list-style-type: none">▪ Discussion of Intended Projects▪ My Oryx Project I
Guidance by Oryx Team |
| 12:00 | <ul style="list-style-type: none">▪ Lunch |
| 13:00 | <ul style="list-style-type: none">▪ My Oryx Project II
Guidance by Oryx Team |
| 15:00 | <ul style="list-style-type: none">▪ Closing |

At the first day you learn how to develop in Oryx in general.

The second day turns the focus on your intended project. How can it be realized in Oryx?

Organisation

4

The workshop takes place at the Hasso Plattner Institute in Potsdam.

Dates: Thursday 4th and Friday 5th December.

The 120 € workshop fee includes lunch (2x), the social event dinner, and a lot of coffee.

Follow the gazelle - looking forward to seeing you in Potsdam!
